

Career Opportunities:

- AI Engineer
- Data Scientist
- Cybersecurity Analyst
- Cloud Developer
- Cloud Architect
- Cloud Security Engineer
- Software Engineer
- Machine Learning Engineer

What is XperienceED for Microsoft Fundamentals?

CCI Learning's cutting-edge kinesthetic learning platform. It offers an interactive learning experience that provides the learner with opportunities for hands-on program application of new concepts and real-world scenarios.

Why XperienceED for Microsoft Fundamentals?

All courses are mapped to Certiport's Microsoft Fundamentals certifications – globally accepted, standard-based credentials for validating the in-demand entry level cloud computing skills employers are looking for.

Superior Learning Experience

An interactive learning experience that offers features that enhance learning such as:

- 'Show Solution' video clips that guide the learner through the steps of each exercise
- Differentiated learning with eBook, QuickDeck or QuickClip resources
- An exercise-based approach with real-life context

Enhanced User Experience

- LTI@ compliant for integration
- Integrated with CertPREP Practice Tests, powered by GMETRIX
- Regular program updates and new features
- Reduce up to 85% of classroom preparation time with instructor resources
- Deploy, scale and onboard quickly with virtual and in-person training

Flexible and Accessible Learning

- In-class or remote learning as well as instructor led or self-directed learning
- Instructors control how the course is delivered - prescriptive or all course content
- The freedom to learn at any pace, any place, any time and on any device
