Features	Instructor	Learner
In-App, live coding, simulated and interactive learning experiences	●	●
Coverage of the certification objectives	●	●
Benchmark assessment that evaluates knowledge and skill level	●	●
Option to retry 'Learn Tasks' to ensure understanding of learning	●	●
Course progress available in the Gradebook option	●	●
Prescriptive learning allows you to skip topics you already know and focus on the skills you need to develop	●	●
Immersive Reader is built-in and can be used to customize how you read for an easier, more accessible experience	●	●
New concepts are introduced in small digestible bites	●	●
Learn new concepts through eBook, QuickDeck or QuickClip resources	●	●
Build knowledge with 'Learn Task'	●	●
'Show Solution' feature guides learners and ensures understanding of skills	●	●
Units include a problem-based learning 'Create Project'	●	●
Units include an 'Objective Assessment'	●	●
Courses include a variety of unplugged activities	●	●
Customizable learning plans include unit objectives, essential questions, and extension activities	●	●
Answer keys provide step-by-step instructions	●	●
Flexibility to assign and choose the order of the lessons to suit your preferences	●	●
Flexibility to learn 24/7 in a class or remotely with easily accessible resources	●	●
Flexibility to customize instructor involvement	●	●
Lessons include a 'Practice Exercise' and 'Practice Questions'	●	●
Lesson presentation files include scripts to guide instructors through lesson topics	●	
Ability to create multiple groups	●	
Reduce preparation time with instructor resources: highlight key points, reinforce basic concepts, augment each lesson, and personalize for learners with study guides and answer keys	●	
Easily scalable to shift from in-class to remote learning environments	●	
Key analytics empower instructors to manage institutions and customize study groups and classes	●	
Ability to add multiple instructors for a group	●	
Customize the learner experience to complete a deep-dive or accelerated version of the course	●	
Instructors control how the course is delivered – prescriptive learning, specific content, or all course content	●	
Search for learners if they're already registered in the institution	●	
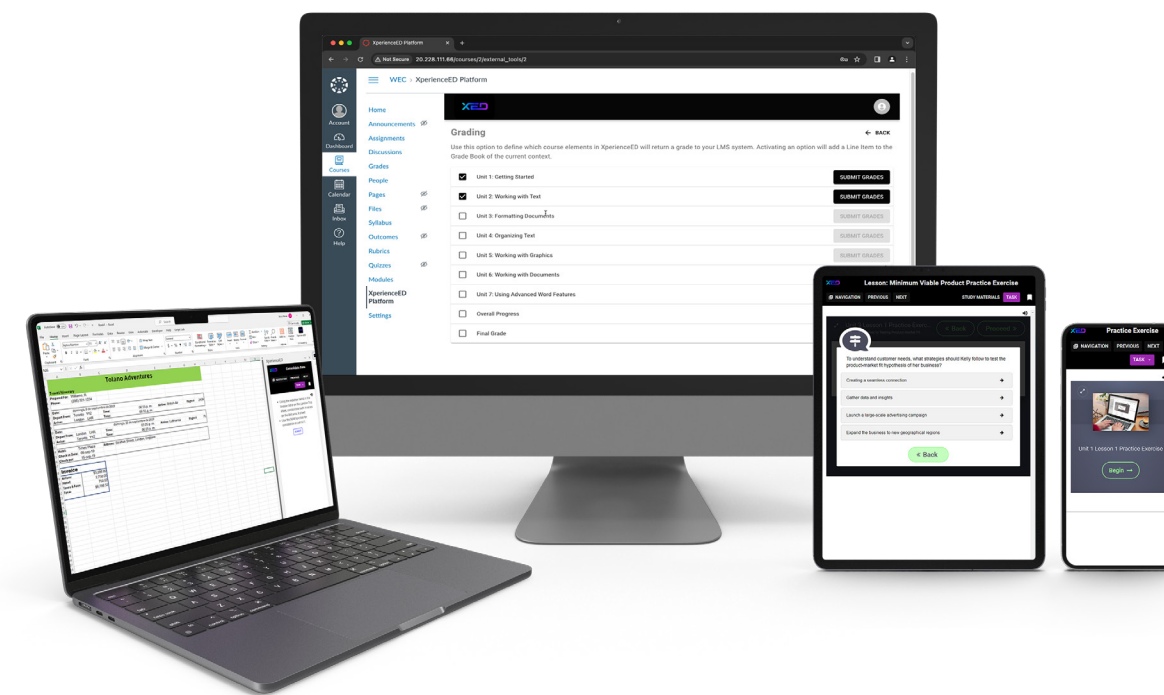

About CCI Learning

CCI Learning is a leader in EdTech specializing in interactive courseware, books, certifications, software licensing and educator and trainer solutions.

Our expertise in creating content for global certification standards, is rooted in our commitment to educational excellence, ensuring our courseware and resources meet the highest standards, preparing learners for success today and into their futures.

As the exclusive Canadian partner of Certiport, our prominent role in EdTech enables us to bring Certiport's esteemed certifications and resources to Canadian learners and educators, broadening the impact and reach of our solutions.

XperienceED, our cutting-edge kinesthetic learning platform offers a unique hands-on learning experience that provides the freedom, flexibility and fundamental tools to educate and learn at any pace, any place, any time and on any device.

Impacting millions of learners and instructors globally, our vision is to create products, opportunities and environments that cultivate a desire to learn, establish a foundation for success and, passion for lifelong learning.

"Igniting Possibilities" is the pinnacle theme of our innovation process and everything we do.

What is XperienceED?

CCI Learning's cutting-edge kinesthetic learning platform. It offers a variety of interactive learning experiences that provide learners with opportunities for hands-on program application of new concepts and real-world scenarios.

Why XperienceED?

All courses are mapped to Certiport's certifications – globally accepted, standard-based credentials for validating the in-demand entry level skills employers are looking for.

Superior Learning Experience

An interactive learning experience that offers features that enhance learning such as:
- 'Show Solution' video clips that guide learners through the steps of each exercise
- Differentiated learning with eBook, QuickDeck and QuickClip resources
- Exercises and problem-based 'Create Project' in each unit reinforce learning

Enhanced User Experience

- LTI® compliant for integration - synchronize with your LMS
- Integrated with CertPREP Practice Tests, powered by GMETRIX
- Regular program updates and new features
- Deploy, scale and onboard quickly with virtual and in-person training
- Ability to customize instructor involvement and add multiple instructors to a group

Flexible and Accessible Learning

- In-class or remote learning as well as instructor led or self-directed learning
- Instructors control how the course is delivered - prescriptive or all course content
