What is XperienceED for Microsoft Apps?

CCI Learning's cutting-edge kinesthetic learning platform. It offers a live in-app learning experience that provides the learner with opportunities for hands-on program application.

Why XperienceED for Microsoft Apps?

XperienceED is mapped to Certiport's Microsoft Office Specialist (MOS) certifications. These foundational certifications are globally accepted for validating Microsoft Office skills.

These skills are developed in each course using real-world scenarios in XperienceED and allow learners to demonstrate their understanding, and how to apply it in their career.

Superior Learning Experience

In-app, hands-on learning experience that offers features that enhance learning such as:

- 'Show Solution' video clips that guide the learner through the steps of each exercise
- Differentiated learning with eBook, QuickDeck or QuickClip resources
- An exercise-based approach with real-life context

Enhanced User Experience

- LTI® compliant for integration
- Integrated with CertPREP Practice Tests, powered by GMETRIX
- Regular program updates and new features
- Reduce up to 85% of classroom preparation time with instructor resources
- Deploy, scale and onboard quickly with virtual and in-person training

Flexible and Accessible Learning

- In-class or remote learning as well as instructor led or self-directed learning
- Instructors control how the course is delivered - prescriptive or all course content
- The freedom to learn at any pace, any place, any time and on any device
